

EZ Way Single Patient Limb Lifting Strap

EZ Way, Inc.

"Your Total Patient Lift Solution"

Our Single Patient Limb Lifting Strap is used to provide access and support for wound care.

The EZ Way Single Patient Limb Lifting Strap is used with either an EZ Way Lift or Ceiling Lift to provide access for wound care or hygiene or to provide support to a limb that otherwise would have to be lifted and held manually.

Common Applications:

- Provide access for wound care or hygiene
- Provide support to a limb

SPLS300 - Single Patient Limb Lifting Strap

Lower limb lift below **Knee**

Lower limb lift above **Ankle**

Limb lift below **Elbow**

The Limb Lifting Strap is designed for use by one patient and to help reduce the risk of cross-contamination. These straps should not be recycled or redistributed.
