

# Why Choose EZ Way?

**EZ Way, Inc.**

**EZ Way offers many benefits the competition doesn't!**

*"Your Total Safe Patient Handling Partner"*

✓ **IN-SERVICE TRAINING**

We offer free in-service training by our Territory Sales Managers for the life of the equipment. We make sure you and your staff are trained to use your equipment.

✓ **ONLINE TRAINING RESOURCES**

Our online training resources videos offer immediate access to training for you and your staff. Simply click on the Resources tab on our website to access training videos, competency quizzes, competency checklists for trainers, operator instructions, and more. You can also scan the QR code on our lifts and stands with your mobile device to watch training videos.

✓ **SALES SUPPORT & 24-HOUR SERVICE DEPARTMENT**

Let us help answer your questions and find the right accessories for your equipment. We offer a toll-free access, 24-hour service hotline, and free loaner parts to avoid downtime, keeping your equipment on the floor and in use.

✓ **FREE SAFE PATIENT HANDLING EVALUATION**

We conduct a comprehensive review to evaluate your safe patient handling equipment needs, and help you implement your best safe patient handling program.

✓ **COMPLETE LINE OF BARIATRIC EQUIPMENT**

You get industry leading weight capacities including 800 lb., Smart Stands, 1000 lb. Smart Lifts and Ceiling Lifts, 1,200 lb. PPS Glide air assisted transfer mats, 500 lb. EZ Out (vehicle extraction) and 1,000 lb. EZ4000 shower trolley.

✓ **EZ WAY, INC. IS A U.S.-BASED COMPANY**

EZ Way is a family-owned company with manufacturing operations headquartered in Clarinda, Iowa. Being located in the center of the country allows for fast and efficient shipping and no waiting for parts or products to ship from overseas.

✓ **OUR VALUE TO YOU**

EZ Way has the lowest total cost ownership in the industry (average annual maintenance cost of \$36.52 per unit over the life of the product), and superior customer service including annual in-service training for the life of the equipment, and a comprehensive safe patient handling evaluation all at no additional cost, giving you a savings of several thousand dollars over the life of the equipment. Case studies have shown a \$1,600,000 reduction in injury costs over three years from partnering with EZ Way and using a safe patient handling program.

## SMART STAND®

400, 500 & 800 lb. capacities available with or without scale. Assists with patient transfers from a chair, wheelchair, toilet or bed; or for use as a standing or ambulation aid.

## SMART LIFT®

500, 600 & 1000 lb. capacities available with or without scale. Easily lifts patients from a bed, chair, toilet or floor.

## TRANSFER MATTRESS

Air assisted, low friction feature transfers patients laterally with ease. Available in bariatric size.

## BATHING & HYGIENE

Full line of shower chairs, trolley, & tubs.

## CEILING LIFT

Fixed motor capacities of 650 & 1000 lb. and portable motor capacity of 650 lb.

## STAND AID

Affordable, durable, non-motorized transfer-assist unit which actively engages the patient in the standing process, thus reducing the need for caregiver assistance. 450 lb. capacity
