

# 2000-V21 Hydraulic Shower Trolleys

**EZ Way, Inc. Multi-tasking shower trolley with endless application possibilities**

The 2000-V21 hydraulic, foot-operated shower trolley is unique with its side mounted column allowing the trolley stretcher to overlap the bed further for a safe and easy patient transfer. It has a patient weight capacity of 440 lb. (200 kg).

The trolley drains at both ends allowing the person to be positioned in either direction, an invaluable feature for the caregiver.

The 2000-V21 comes in four sizes. Three models have 25 in. width, and are available in 63 in., 75 in., or 83 in. lengths. A wider model (27.4 in. wide x 77 in. long) is available if there is a need for an increased patient working area.

The 2000-V21 height adjustable Shower Trolley is a great solution to prevent back injuries, and to minimize static load and offers a safe and ergonomic working environment for the caregiver.

Registered at Medical Products Agency, Sweden, as a MD Class 1 product, MDR 2017/745.
