

EZ Way, Inc.

*"Your Total Patient  
Lift Solution"*

## Smart Stand™

### Sit-to-Stand in weight capacities of 400, 500, & 800 lbs.

EZ Way's proprietary circuit board system includes features to provide customers with added intelligence and safety features including:

#### **Backlit LCD screen**

During operation, EZ Way's LCD screen is illuminated for ease in viewing lift readout information.

#### **Usage time captured**

Lift usage time is captured in minutes, great for tracking frequency of use.

#### **Overload protection**

Should the actuator be overloaded due to lifting excess weight, lifting against an obstruction, or mechanical failure, "Actuator Overload" will appear on the LCD screen, the stand will cease lifting, and will only lower. A great feature to protect both patients and the lift.

#### **Weight Overload**

This feature will display "Weight Overload" on the LCD screen and will only allow the stand arms to lower.

#### **Weight recall**

On units with scale, the last weight taken is retained until a new weight is taken, allowing caregivers easy reference in busy working environments.

#### **Smart Lift™ Applications:**

- Designed to facilitate toileting, changing of briefs and conducting pivot transfers for weight bearing patients.
- Transfer patients to/from bed, commode, wheelchair or chair.
- Ambulation feature for therapy applications.
- Patients allowed to stand safely and securely, increasing muscle strength and circulation.

**Safe & Secure**

**Largest Weight Capacity**  
Sit-to-Stand on the Market.

#### **Models:**

**S400PN** - 400 lb. Smart Stand™

**S400PS** - 400 lb. Smart Stand™ w/scale

**S500PN** - 500 lb. Smart Stand™

**S500PS** - 500 lb. Smart Stand™ w/scale

**S800PN** - 800 lb. Smart Stand™

**S800PS** - 800 lb. Smart Stand™ w/scale

# Accessories

## REGULAR HARNESS

Standard harness that comes with the Smart Stand™.

Available from Small to XXXL.

## ANTI-SLIP HARNESS

Neoprene material grips to help harness stay in place.

Available from Small to XXL.

## DISPOSABLE HARNESS

Single patient use for infection control.

Available from Medium to XL.

## WALKER HANDLES

For ambulation and standing support.

Available in Regular & Large.

## SEAT STRAP

Provides additional support and comfort to patients who have a tendency to quit bearing weight during a stand assist or transfer.

Available in Regular and Large.

**Additional Accessories** available.

Smart Stands have a  
**10 YEAR LIFE CYCLE**

Average Annual Parts Cost:

**\$34.83**

## CONTROL CONSOLE WITH LCD READOUT

Battery gauge, function indicator, dual up/down control, digital scale readout.

## Additional Features:

- 10 Year Frame / 3 Year Component Warranty
- Highest Weight Capacities in the Industry
- 3 Position Base Opening for Function Around Wheelchair, Chair and Commode
- Battery Powered; Always Available for Use
- Pneumatic Hand Control
- Digital Scale Available
- Adjustable Shin Pad and Footplate
- 2", 4" and 5" Casters Available
- Redundant Controls
- Emergency Stop Safety Control
- Emergency Lowering Option
- 24-hour Service Hotline
- Includes 2 Batteries, Remote Charger and One Harness
