

EZ 3200

EZ Way, Inc.

"Your Total Safe Patient Handling Partner"

Multi-tasking Shower Trolley with Endless Application Possibilities

EZ 3200 - Shower Trolley
EZ 3200L - Shower Trolley (Longer & Wider)

The EZ 3200 battery operated shower trolley (500 lb. patient wt. limit) is unique with its side mounted column, allowing the trolley stretcher to overlap the bed for a safe and easy resident transfer.

The EZ 3200 height adjustable shower trolley is a great solution to prevent back injuries, minimize

static load, and offers a safe and ergonomic working environment for the caregiver.

The trolley assists and functions at the bed side allowing a safe patient transfer onto the trolley, providing a safe patient handling environment for both the resident and the caregiver.

Hand control for height adjustment & tilt.

4" braked twin caster as standard. Straight steering castors are optional.

Flexible draining hose with hose holder.

"Your Total Safe Patient Handling Partner"

Features

- Designed for easy cleaning.
- Maximum patient weight of 500 lbs.
- Designed for stability and for ease in mobility and transfers.
- The low center of gravity of the chassis lends stability to the trolley.
- The chassis and frames are made of powder coated stainless steel.
- Quietly height adjustable with a smooth high/low motion.
- Two high capacity rechargeable batteries with audible charging tones.
- Can easily be tilted to the “Trendelenburg” position.
- Moves in either direction with the tilt control.
- Side rails can be pressed together when traveling through narrow doorways reducing the trolley width.
- Comes with a Mag Code battery charger, mattress, pillow and 3' 4" drainage hose as standard.
- Floor clearance at 4' 7" to enable floor lift transfers.
- Easy change of designated head end by turning the mattress around.

Accessories / Options

- Backrest wedge pillow, 15 or 30 degrees.
- Removable battery pack instead of on board charging.
- All models can be delivered with blue (standard) or gray mattress/pillow.
- Fasteners / straps for attachment on mattresses to side rails.
- Longer drainage hose 8' 2" instead 3' 4" as standard.
