

EZ Way, Inc.

# EZ Way Single Patient Seat Strap Sleeve

Protect your EZ Way seat straps with our Single Patient Seat Strap Sleeve. This sturdy sleeve is easy to slip on the EZ Way Seat Strap for use when transferring or toileting a patient or resident. The sleeve is made of a bacteria-resistant Barrier Flex material and is washable. The sleeve is sold individually or in packs of 10. It is for single patient use.

- *Protects seat strap during toileting*
- *Washable*
- *Bacteria-resistant Barrier Flex material*
- *Can be used on leg strap as well*
